IDONEITA' LINGUA INGLESE

N.1

My name is Bob. Each day I drive my kids to school. My daughter goes to a school that's far from our house. It takes 30 minutes to get there. Then I drive my son to his school. It's close to my job.

My daughter is in the sixth grade and my son is in the second. They are both good students. My daughter usually sings her favorite songs while I drive. My son usually sleeps.

I arrive at the office at 8:30 AM. I say good morning to all my workmates then I get a big cup of hot coffee. I turn on my computer and read my email. Some days I have a lot to read. Soon I need another cup of coffee.

N.2

I just returned from the greatest summer vacation! It was so fantastic, I never wanted it to end. I spent eight days in Paris, France. My best friends, Henry and Steve, went with me. We had a beautiful hotel room in the Latin Quarter, and it wasn't even expensive. We had a balcony with a wonderful view.

We visited many famous tourist places. My favorite was the Louvre, a well-known museum. I was always interested in art, so that was a special treat for me. The museum is so huge, you could spend weeks there. Henry got tired walking around the museum and said "Enough! I need to take a break and rest."

N.3

My family lives in a small house. It's simple but pretty. It has a large garden. I like to work in the garden instead my sister hates to work in the garden. She prefers to read. She reads in the morning, in the afternoon and at night.

I give all of the vegetables to mom and dad. They like to cook in our small kitchen. I eat any vegetable but my sister eats only a few.

My family always eats breakfast and dinner together, we talk and laugh. At night dad likes to listen to music. Mom works on the computer. I watch television. And my sister reads.

N.4 (TESTO NON ESTRATTO)

My job is a long distance from my home, almost 50 miles away. I have to wake up early every morning, as I'm always in a rush. There's never enough time for a relaxed breakfast. At exactly 6:00 AM, I get into my car and start the long drive.

I usually like driving on the highway more than in the city. During the morning rush hour, though, it's not very enjoyable. The heavy traffic is a little bit annoying. So I always listen to my favorite classical music CD's in the car – Chopin, Mozart, and Bach. That cheers me up a lot.

N.5

Summer follows spring and is included from about 21 June to 22 September, in America. Summer is the warmest and longest, of the four seasons; students from kindergarten to college are given about two summer months off from class, and to be sure, there are more young individuals out and about during this season than any other.

It's not uncommon to see shorts, t-shirts, and sunglasses worn by those who're soaking up the summer's hot sun, and to stay cool, many individuals crank the air conditioning, take a dip in a swimming pool, and/or explore the ever-comforting ocean waves.

N.6

Days of the week – the first day

There are seven days of the week, or uniquely named 24-hour periods designed to make time more easily measureable.

Monday is viewed by many to be the "worst" day of the week, as it marks the return to work following the weekend, when most full-time employees are given two days off. Most students attend school in the morning and return home in the afternoon (usually from about eight until three or seven until two), and most workers go to work in the morning and return home in the evening (usually from nine to five or eight to four).

N.7

Days of the week – the second day

There are seven days of the week, or uniquely named 24-hour periods designed to make time more easily measureable.

Tuesday is the second day of the week, and is in many ways similar to Monday. Not a whole lot of changes, schedule-wise, between Tuesday and Monday; most individuals go to school or work and return home to watch television, play video games, make plans with friends, spend time with family, read, or engage in a similar leisure-related activity.
